

EasyPark

Practical urban bike parking

Stainless steel commercial bicycle racks

At S+Bikes we specialize in design and manufacturing of bicycle stands for residential and commercial use.

We take great care to create products that not only serve their purpose flawlessly, but are also elegant and refined.

EasyPark is the product line which effortlessly combines clever design, practicality, affordability and style.

Stainless steel construction ensures durability and low maintenance. The line-up features two design styles: docking the bike by using the pedal, and second by using the wheel.

Custom options

PedalPark 2.0

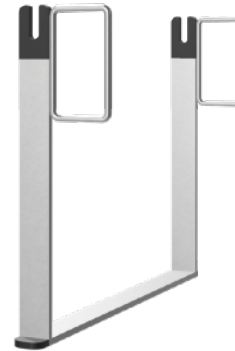

EasyPark 2023

PedalPark proposes a clever way to park your bike. Unlike typical bike racks, with PedalPark the user finds the rubber slot, inserts the pedal and the bike remains perfectly still and standing.

The rubber support ensures the pedal gets no scratches. It also helps with grip, noise and stability.

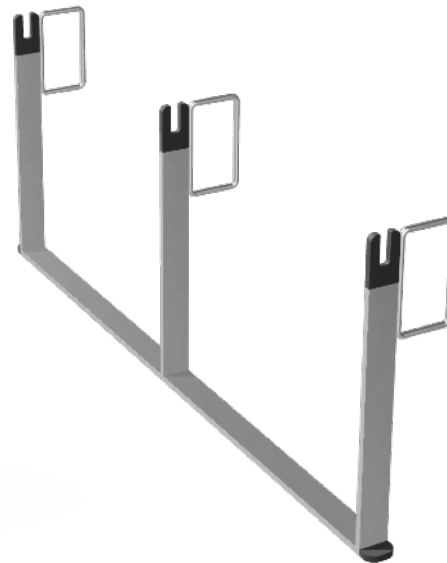

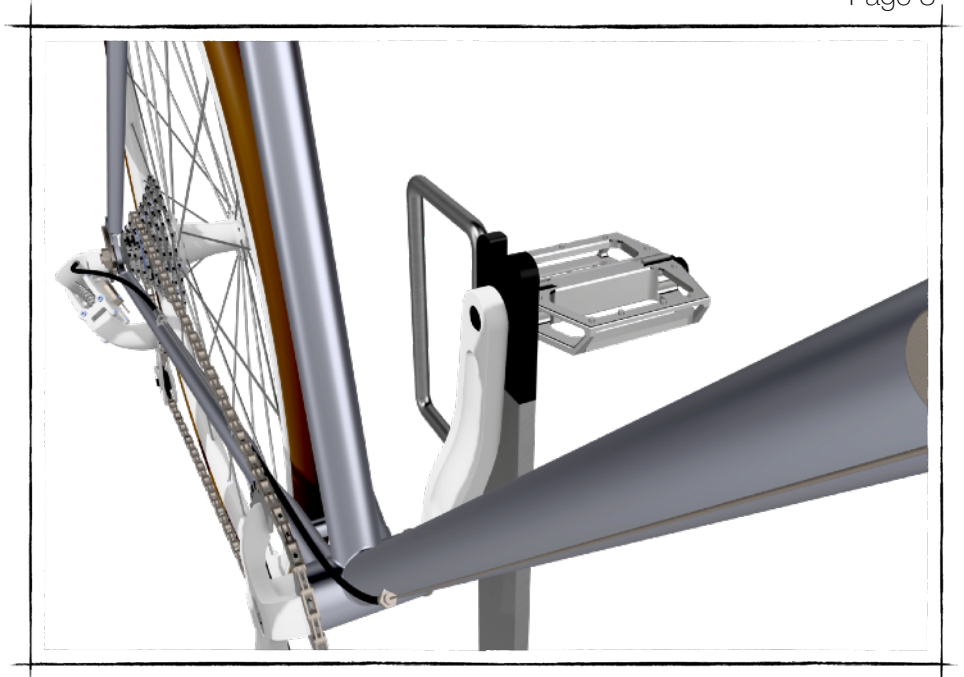

The added lock bar allows the user to use a bike lock in order to safeguard the bike.

This model comes in pairs of 2 or 3 racks.

Model	PedalPark 2X
Item code	PP2X
Length x Width x Height	55 x 15 x 50 cm
Weight	2.6Kg
Materials	Stainless steel, rubber NBR
Parking spots	2
Pedal rack	Yes
Installation	4 bolts
Price (excl. VAT)	€110.00
Price (incl. VAT)	€133.10

Model	PedalPark 3X
Item code	PP3X
Length x Width x Height	100 x 15 x 50 cm
Weight	3.4Kg
Materials	Stainless steel, rubber NBR
Parking spots	3
Pedal rack	Yes
Installation	4 bolts
Price (excl. VAT)	€140.00
Price (incl. VAT)	€169.40

PedalPark 45

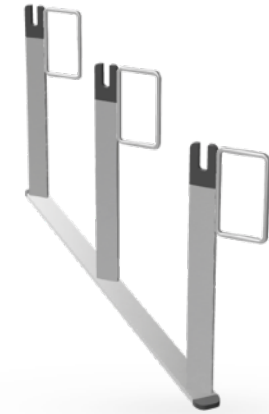

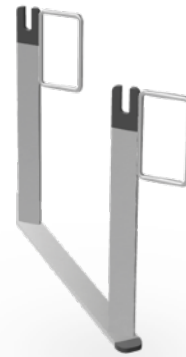

EasyPark 2023

PedalPark 45 holds the same features and benefits as standard PedalPark, but the racks are 45 degrees oriented, which results in a more efficient use of space.

The rubber support ensures the pedal gets no scratches. It also helps with grip, noise and stability.

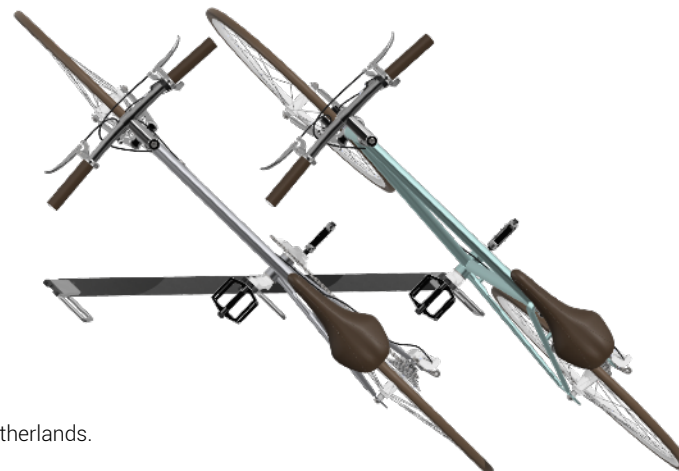

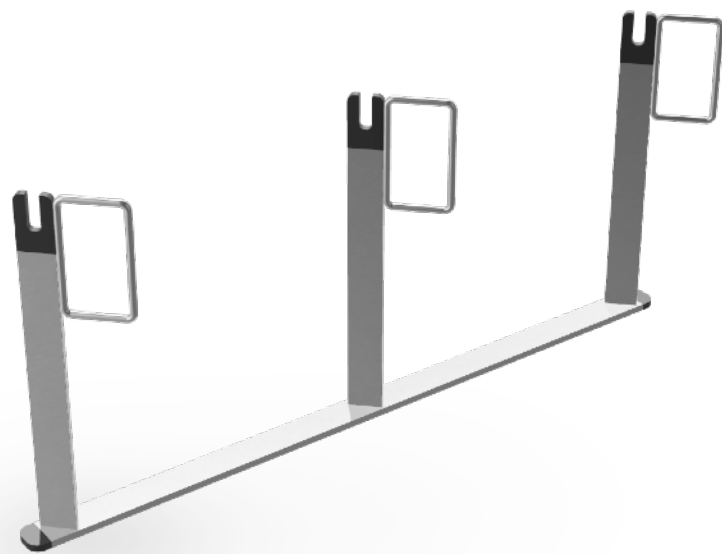

The added lock bar allows the user to use a bike lock in order to safeguard the bike.

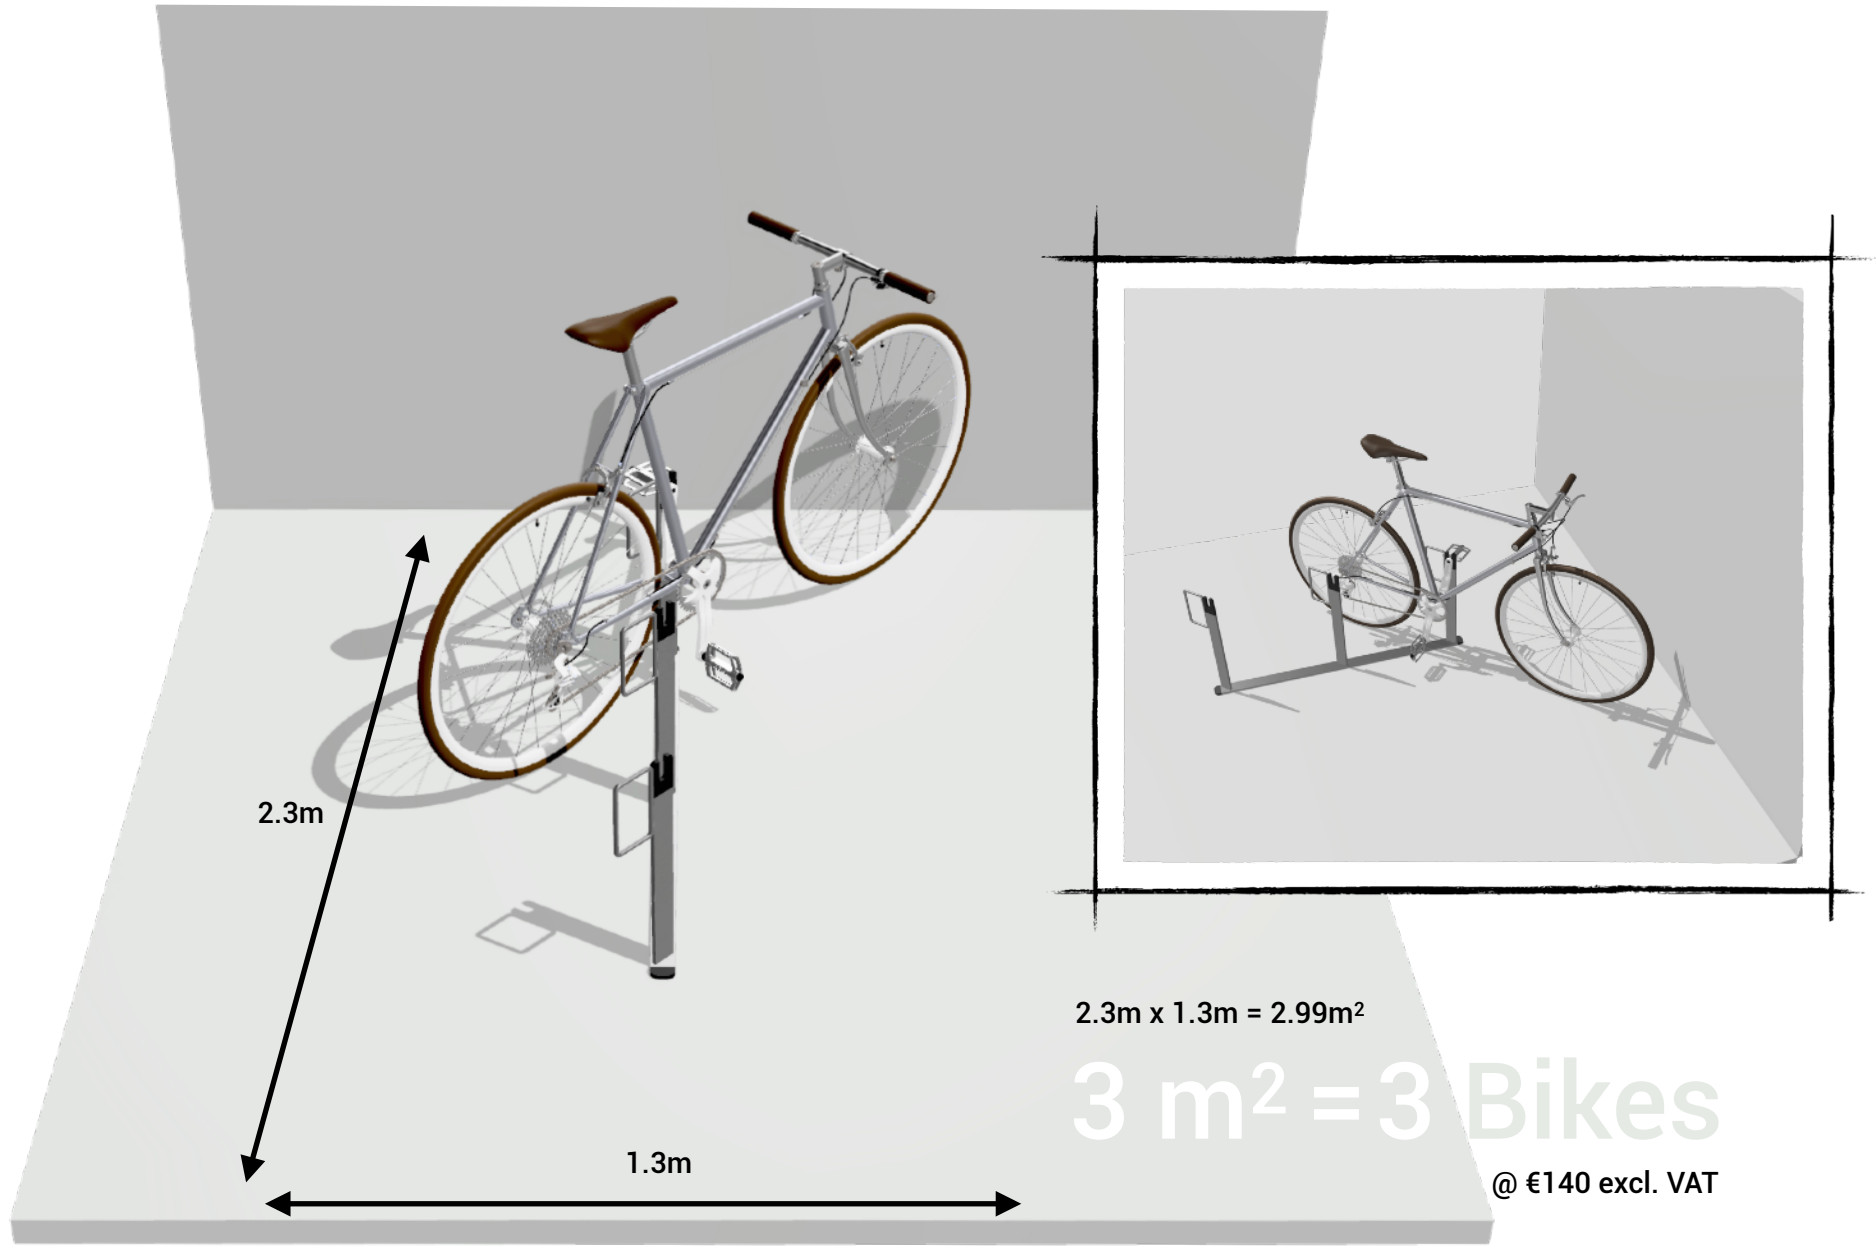

This model comes in pairs of 2 or 3 racks.

Model	PedalPark45 2X

Pedal rack	Yes
Installation	4 bolts
Price (excl. VAT)	€140.00
Price (incl. VAT)	€169.40

BikeDock 45

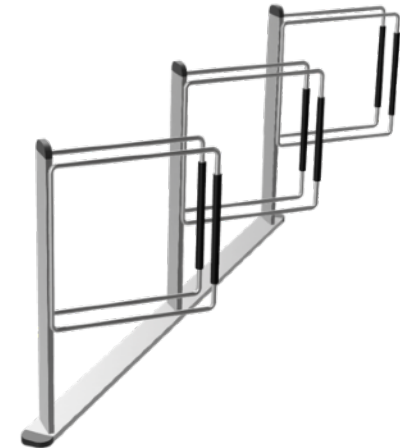

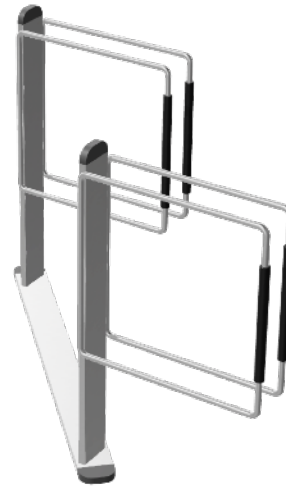

EasyPark 2023

BikeDock is not a new design to the market, but it takes the best features and contributes with a more refined style and added spoke protection.

The rubber wrap ensures the spokes get no scratches. It also helps with grip, noise and stability.

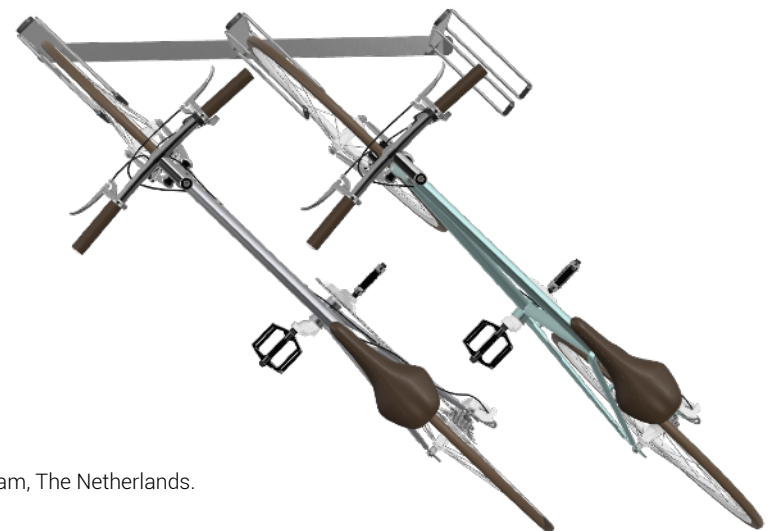

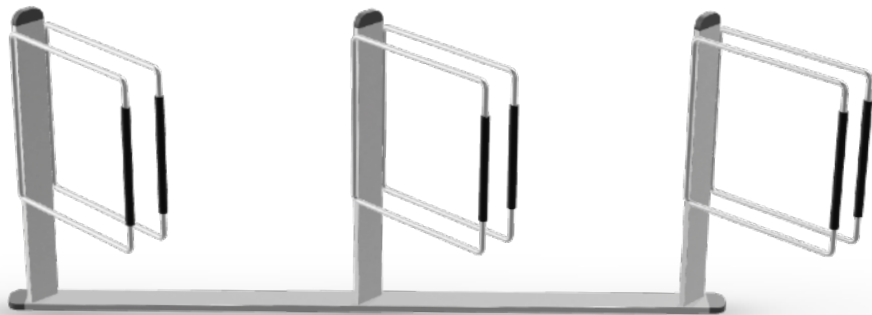

This model allows the user to lock the bike only via the front wheel.

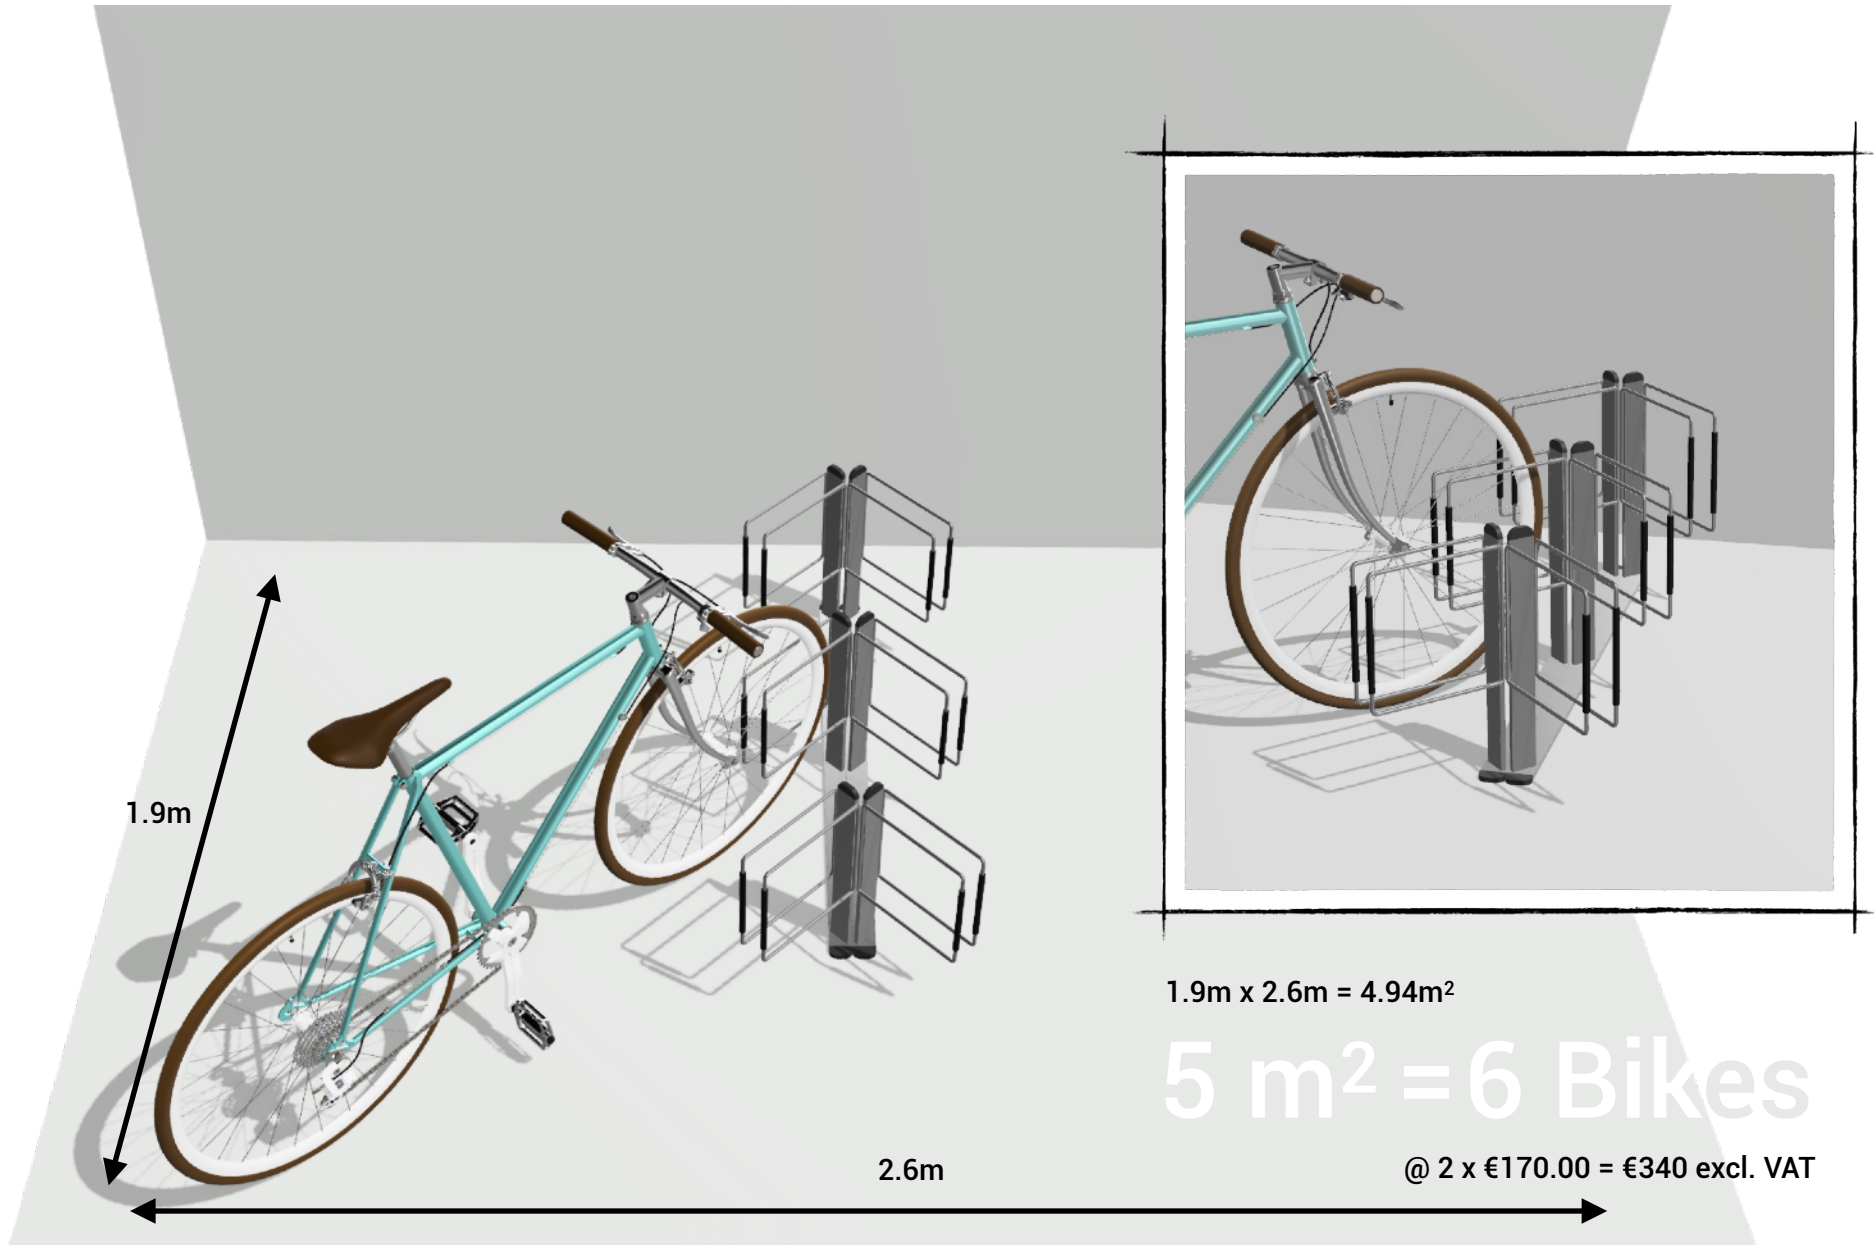

BikeDock comes in pairs of 2 or 3 racks.

Model	BikeDock45 2X
Item code	BD452X
Length x Width x Height	70 x 20 x 50 cm
Weight	3.6Kg
Materials	Stainless steel, rubber mix

Materials	Stainless steel, rubber mix
Parking spots	3
Wheel rack	Yes
Installation	4 bolts
Price (excl. VAT)	€170.00
Price (incl. VAT)	€217.80

BikeDock 4Wall

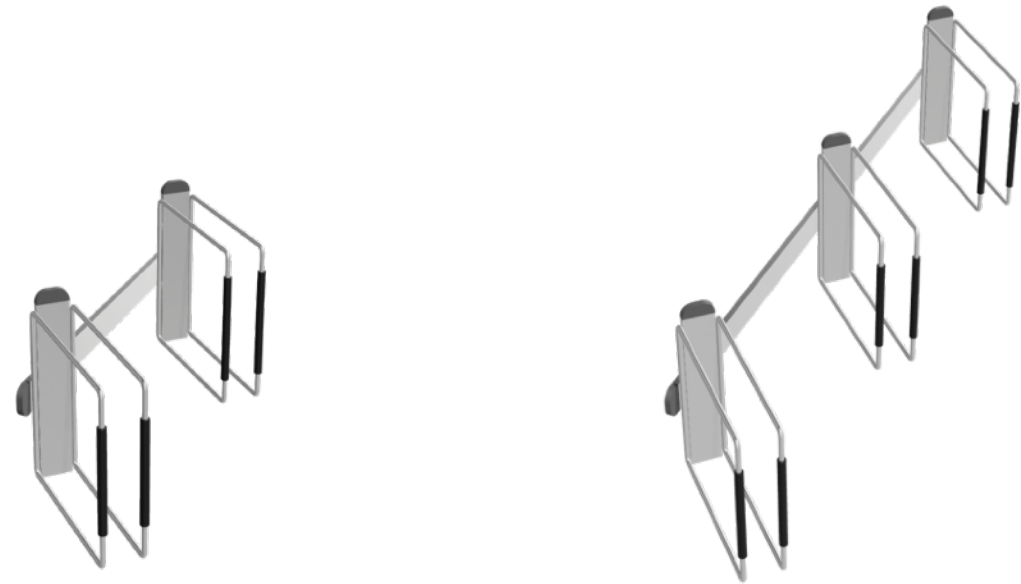

EasyPark 2023

BikeDock 4Wall simply allows the rack to be bolted onto a standing wall.

The rubber wrap ensures the spokes get no scratches. It also helps with grip, noise and stability.

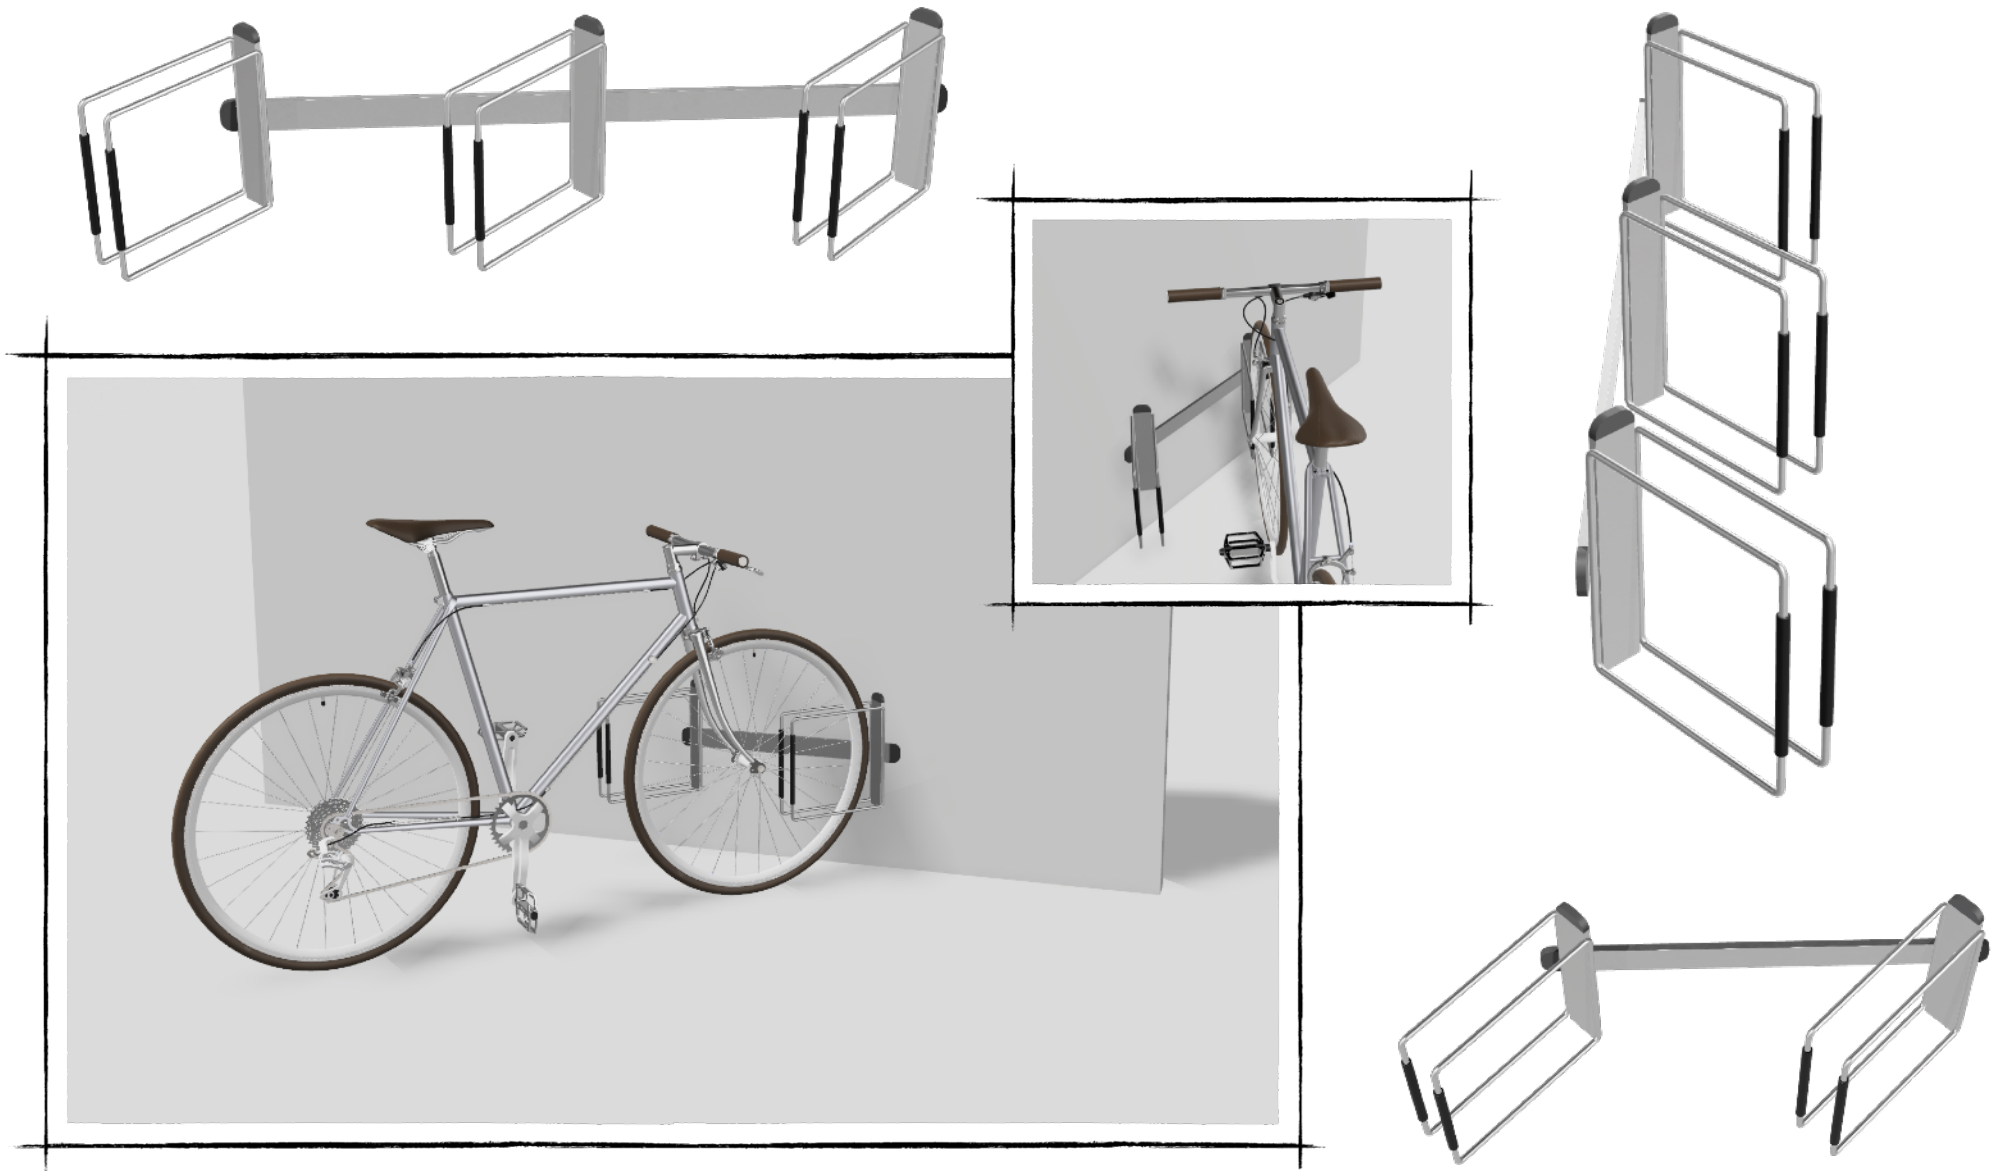

This model allows the user to lock the bike only via the front wheel.

BikeDock comes in pairs of 2 or 3 racks.

Model	BikeDock4W 2X
Item code	BD4W2X
Length x Width x Height	70 x 20 x 30 cm
